+91 - 9930988307

Academic Qualifications:

Course	College/School	% / CGPA
B.tech/B.E. in CS (2022-2026)	Shree L.R. Tiwari College of Engineering, Mumbai University.	8.2
Class XII (2020)	Lords universal College of Commarce and Science Mumbai.	66.62
Class X (2018)	Sheth D.M. High School Borivali east Mumbai 400066.	85.00

Technical Skills:

- **Languages:** C++, JavaScript,
- **Frameworks:** React, Node.js, Express, Flutter, Tailwind CSS
- **Databases:** MongoDB with Mongoose
- **APIs & Tools:** Web Speech API, Google Gemini AI, Cloudinary, JWT, REST APIs
- **Development Tools:** VS Code, Git/GitHub, npm, Postman, Chrome DevTools
- **Specializations:** Full-Stack Development, UI/UX Design, Voice Interface Systems, Responsive Web Design

Development Skills:

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React, Tailwind CSS
- **Backend:** Node.js, Express.js, RESTful API development
- **Database:** MongoDB with Mongoose ODM
- **Authentication:** JWT, Bcrypt.js, secure session management
- **UI/UX:** Responsive design, 3D animations, glassmorphism, interactive components
- **API:** Web Speech API (voice recognition/synthesis), Google Gemini AI, Cloudinary

Projects:

- **Wedding Management Website:**
  - Engineered a full-stack matrimony coordination portal utilizing PHP, MySQL, HTML, and CSS hosted on local XAMPP servers.
  - Designed and managed the database using phpMyAdmin to store couple names, booking dates, addresses , and package details.
  - Implemented pricing package selection and date-based booking management.

- Developed full CRUD operations for efficient booking and data management
- Created a responsive and elegant user interface using CSS and Google Fonts

- **AI Virtual Assistant (Full-Stack):**
  - Built voice-controlled assistant with real-time speech processing
  - Integrated AI-powered intent recognition using Google Gemini API
  - Implemented user authentication, avatar customization, and task automation
- **Flipping Card UI (Frontend):**
  - Created responsive 3D card animations using pure HTML/CSS
  - Applied glassmorphism design and hover-based interactions
- **Spotify Clone (Frontend):**
  - Developed music player interface with playback controls
  - Implemented playlist management and search functionality

Certifications:

- **Infosys Certification in Python –** Completed a comprehensive Python programming course by Infosys
- **Cloud Computing and DevOps Certification –** Gained expertise in cloud fundamentals and DevOps methodologies
- **NLP, ChatGPT & Prompt Engineering Certification –** Certified in Natural Language Processing and AI prompt engineering techniques

Internship:

App Development Intern | *Compozent*
December 2024 – January 2025

- Developed and tested mobile applications using Flutter and Dart in a collaborative team environment
- Assisted in UI/UX design implementation and responsive layout development for cross-platform compatibility
- Participated in code reviews, debugging, and feature integration under senior developer guidance

Python Developer Intern | *Intelliqon*

Janury 2026 - May 2026

- Developed an AutoTrade web application using Python, implementing automated trading workflows and backend functionality.

Extra-Curricular Activities and Achievements:

- **1st Position in Cypher Sync** – Awarded 1st place in Cypher Sync conducted by the CSI committee
- **CSI Member** – Active member of the Computer Society of India (CSI)

- **DLLE Member** – Active member of the Department of Lifelong Learning and Extension (DLLE)
